

Minutes of the Men's Match Committee Meeting held on Tuesday, 5th July, 2016

Present: Tony Hartcher, Dylan Turner, Shane Green, Rod Collier and Lynne Turner Mark Coombes (Gloucester Delegate)

Apologies: Ray Walters

Matters Discussed:

Wet Weather Game - between Wingham and Gloucester that was set down to be played at Gloucester, but was washed out and moved to Taree for 6pm timeslot which was also called off 10 minutes into the second half. Noted that when arranging rescheduling of this game was put down to be played on Sunday 14th August, 2016 and Gloucester has brought it to our attention as this was originally a home game for them then it should be played in Gloucester. Agreed to move this game to Gloucester for 14th August, 2016 – Wingham v Gloucester at 10am with the umpires to be same.

D1 game that was deferred between Sharks and Tigers to be played if possible on the 7th August 2016. LT to check with Linda Ferguson to see how many and what timeslot they have games being played as the Men have games on from 10.30am to the last game starting at 4.30pm and if there is a free timeslot on the AFT then will endeavour to fit one of the games on the AFT and reshuffle the over game times around to fit everyone in.

Discussion held re Gloucester Homes games and the supply of umpires i.e. one from Gloucester and one from Taree Team travelling over.

Mark commented that Manning have been very generous in the number of Home games given to them this year, but stated that they didn't ask for this many. Lynne Turner replied that the Men's Match Committee were informed by Craig Colvin that Gloucester wanted to have a home game every 2nd game.

Mark Coombes replied that they would be happy to just have the Taree Teams to travel once to Gloucester for the season, as they don't like playing on the grass that much themselves.

Also happy to umpire over here for Taree Games as long as it is before or after their game when playing in Taree.

Mark stated that only have three move home games this season and if the travelling team could not provide an umpire, then they would supply two umpires but must have a weeks notice so that this can be arranged.

U15 Girls Championship's – Mark asked if he was aware that Gloucester were rostered onto help with the cleanup after the Championship and Mark indicated that he did not know. Advised Mark that the same roster is set down for the Women's Master and would require some of their men to come over and help cleanup i.e.. Bring in the nets from the goals, empty and clean all wheelie bins and clean up the Kitchen. LT to e-mail roster over to Mark.

Meeting closed at 7.30pm.
